

„Innovations by
competence“

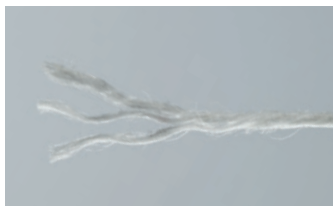

Getacor P

Corespun Polyester / Cotton

Getacor P

Corespun Polyester / Cotton.

Fields of application:

- Outdoor applications (e.g. tents, tarpaulins, sun protection)
- Heavy weight fabrics
- Leather goods (e.g. bags, shoes)
- Upholstery and workwear
- Corporate apparel
- Technical fabrics

Product advantages:

- Good sewability
- Combination of textile appearance (cotton fibre) with high breaking strength (polyester high tenacity)
- Excellent processing properties
- Also suitable for outdoor applications
